

General Cover Letter — Junior Software Developer

For use with all five test applications

PROFESSIONAL SUMMARY

Application for Junior Software Developer

DEAR HIRING MANAGER

- I am writing to express my interest in the Junior Software Developer position. I am enthusiastic about contributing to a development team that builds, maintains and improves reliable software applications.
- My background includes experience and/or academic exposure to software development, programming, web technologies and technical problem solving. I enjoy learning new technologies, troubleshooting issues and working collaboratively with others to turn requirements into practical solutions.
- I am particularly interested in this opportunity because it would allow me to continue developing my software engineering skills while contributing to real-world applications. I would welcome the opportunity to discuss how my background and capabilities could support your development team.
- Thank you for considering my application. I look forward to the opportunity to speak with you.
