Professional Summary

Junior developer with about one year of professional Node.js experience. Stronger in JavaScript fundamentals than backend delivery; has limited production API, SQL, and deployment experience. Completed a software development diploma.

Technical Skills

JavaScript, basic Node.js, Express fundamentals, Git, HTML, CSS, introductory SQL

Experience

Junior Web Developer - Brightpath Studio (2024-2025)

Updated JavaScript pages, fixed small Node.js service issues, and used Git for team changes. Built a learning REST API as a portfolio project; no production cloud ownership.

Education

Diploma in Software Development - Harbour Technical College (2022-2023)
